Fall Program Registration Opens

Lloydminster, AB/SK – The City of Lloydminster, in partnership with the *Lloydminster Source*, has produced and delivered the Fall Program Guide, which encompasses recreational and cultural opportunities at City facilities.

The 2017 Fall Program Guide features details on exhibits, activities and courses hosted by the Cultural and Science Centre, the Bioclean Aquatic Centre, the Servus Sports Centre and the Golf & Curling Centre.

The 40-page guide, which was delivered to more than 13,000 homes in July, contains approximately 200 events and program opportunities along with descriptions, schedules, admission prices and registration information.

Residents can also pick up a program guide at any of the facilities or can access the online version at lloydminster.ca/guides.

Registration for fall programs, running from September to December, opens online Tuesday, August 15 and in house on Wednesday, August 16. Residents can register and find out more information about the programs at lloydminster.ca/guides.
