Outdoor Ice Surfaces Remain Closed

LLOYDMINSTER, AB/SK - Residents are advised that the Bud Miller Lake and all outdoor rinks are currently unavailable for use.

Skating surfaces are expected to open by mid December.

The City of Lloydminster cautions residents to keep off of retention lakes that appear to be frozen. The thickness and solidity of ice on retention lakes changes throughout the winter along with changes in weather. Residents are asked to adhere to warning signs posted near all retention lakes. Residents are also urged to take extra precautions, ensuring children and pets remain a safe distance from retention ponds and other bodies of water.

Go to www.lloydminster.ca for updates in coming weeks. A public notice will be issued when rinks open.
