Outdoor Ice Surfaces Update

LLOYDMINSTER, AB/SK - Residents are advised that the Husky Speed Skating Oval and a section of the Bud Miller Lake are available for use.

Barricades are in place to mark areas safe for use at Bud Miller All Seasons Park; public skaters are advised to stay clear of marked sections until maintenance crews can ensure their safety.

The City of Lloydminster cautions residents to keep off of retention lakes that appear to be frozen. The thickness and solidity of ice on retention lakes changes throughout the winter along with changes in weather. Residents are asked to adhere to warning signs posted near all retention lakes. Residents are also urged to take extra precautions, ensuring children and pets remain a safe distance from retention ponds and other bodies of water.

Due to the unseasonable weather, some outdoor surfaces may be in rough condition and discretion is recommended prior to skating.

Go to www.lloydminster.ca for updates in coming weeks. A notice will be issued as conditions improve.
