PLACEMENT OF CARTS IS IMPORTANT!

The automated arm on the truck can only operate if it has enough clearance to maneuver. **Keep your carts one metre (an arm's length) apart so the truck's robotic arm can grab it.**

COLLECTION TIPS

FOLLOW THESE EASY STEPS TO ENSURE EASY COLLECTION.

- Place your cart by the curb by 7 a.m. on your collection day.
- Place your carts with the wheels as close to the curb/snowbank as possible.
- Do not park in front of carts/bags until after they have been collected.
- Ensure that the lid is fully closed. Overflowing carts will not be emptied.
- Do not overload carts - maximum 200 lbs.
Heavy carts cannot be picked up by the truck's mechanical arm.
- Extra garbage bags outside the cart will not be picked up. Loose material will not be collected.
