

Lloydminster Southwest Area Structure Plan Public Referral

The City of Lloydminster is in the final stages of creating an Area Structure Plan (ASP) for the Southwest area of the community. The purpose of an ASP is to provide high-level policy direction for future development.

The draft document, titled the Southwest Area Structure Plan (SWASP), will be presented to City Council for consideration and adoption by bylaw. The formal 21-day referral period is commencing as of this advertisement, April 23, 2026.

The full draft SWASP along with a virtual opportunity to provide feedback directly to the project team is available at yourvoicelloyd.ca/SWASP. The comment period will remain open for the duration of the 21-day referral period, closing on May 14, 2026.

A public drop-in open house will occur on April 28, 2026, from 4:00 to 7:00pm at Servus Sports Centre, which features an opportunity to discuss the project with members of City Council and Administration.

SWASP Future Land Use Concept:
