# LAT-VI-A!

BIG LETTERS. BIG CHEERS. ONE BIG WELCOME FOR TEAM LATVIA

This December, Team Latvia will be training at Cenovus Energy Hub ahead of the IIHF World Junior Championship 2027. To help make them feel at home, we're inviting the entire Lloydminster community to participate in a collaborative art project that will bring colour, creativity and community spirit to the arena!

Whether you're a family, classroom, hockey team, business, community group or individual, you can help us welcome our adopted home team! Each participating individual or group will receive one oversized, pre-cut letter (approximately 28 inches tall) to decorate. Together, the letters will create a series of LATVIA! chants displayed along the arena railings at Cenovus Energy Hub.

It's a fun, creative way to show your community pride and help give Team Latvia a warm Lloydminster welcome!
